Hi Valois,

That's fine. We can keep it to the highlights for the moment and go into more detail next week assuming the work plan approval comes through. Alternatively, I can see if Melissa is available for a call tomorrow if that would help your schedule.

Hi Mary Ellen,

I realize now that you said the stop work would not start till Monday.

Do you think we can finish our call by 1:30? While I was on leave a consultation meeting was scheduled with the Oglala Sioux Tribe for next Friday, so I am scrambling to set up prep calls. The only time slot I could get with a couple of people is at 1:30 today. I apologize for cutting our meeting short.

I guess our call is off until the stop work order is lifted?
Thanks!
